(6) Ensure access to and the continuity of services provided by family planning providers that were family planning providers in the Program as of December 31, 2016, and were discontinued as recipients of federal funding under

federal law or regulation because of the scope of services offered by the provider or the scope of services for which the provider offered referrals, by:

- (10) Promote individual responsibility for maintaining good health habits;

- (12) Encourage the development and utilization of cost-effective and preventive alternatives to the delivery of health care services to appropriate Program recipients in inpatient institutional settings;
- (13) Encourage the appropriate executive agencies to coordinate the eligibility determination, policy, operations, and compliance components of the Program;

(14) Work with representatives of inpatient institutions, third party payors, and the appropriate State agencies to contain Program costs;

(15) Identify and seek to develop an optimal mix of State, federal, and privately financed health care services for Program recipients, within available resources through cooperative interagency efforts;

(16) Develop joint Legislative and Executive Branch strategies to persuade the federal government to reconsider those policies that discourage the delivery of cost-effective health care services to Program recipients;

(17) Evaluate departmental recommendations as to those persons whose financial need or health care needs are most acute;
